Comment #1 Application Dismissed 8/4/2023 via PN for the following reason: The proposal violates 47 C.F.R. § 74.1233(a)(1). Specifically, the section states that “a major change is any change in frequency (output channel) except: (1) changes to first, second or third adjacent channels, or intermediate frequency channels; or (2) upon a showing of interference to or from any other broadcast station, remedial changes to any same-band frequency.” The license BLFT-20060518ACA specifies Channel 263. The proposed application 0000215872 specifies Channel 234, or 29th adjacent, which is a violation of Section 74.1233(a)(1) of the Rules. The application recognizes this violation and claims displacement from intermediate frequency FM station WKWR(FM), Key West, FL. However, the applicant fails to provide an exhibit demonstrating the existence of interference from WKWR. Therefore, the application will be dismissed. See “Commission States Future Policy on Incomplete and Patently Defective AM and FM Construction Permit Applications,” Public Notice, 56 RR 2d 776 (1984) for general information about filing a curative amendment.
